

COOL-LUBE 119

HEAVY DUTY SYNTHETIC METAL WORKING FLUID

General Description:

COOL-LUBE 119 is a heavy-duty general machining and grinding fluid formulated to be used on all metals. This product is oil rejecting and will not foam in new “Chip Blasting” high-pressure equipment. COOL-LUBE 119 also offers excellent rust protection for cast iron as well as superior lubricity for machining aluminum or precision grinding.

Color and Appearance	Blue Liquid
Specific Gravity @ 68°F	1.02
Flash Point	N/A
pH of Concentrate	9.5
pH @ 3%	9.2
Odor	Chemical
Solubility in Water	Soluble

Benefits:

- **Machines all types of metals**
- **Oil rejecting, increasing sump life**
- **Very low foaming**
- **Excellent rust protection for ferrous metal. Will not corrode aluminum.**

Storage:

Keep at room temperature. Avoid freezing. Keep container closed when not in use.

Disposal:

According to Federal, State, and Local Regulations.

Issue Date: April 15, 1999
