

POWER CLEAN 226

OIL REJECTING ALKALINE CLEANER

General Description:

POWER CLEAN 226 is a heavy duty alkaline cleaner which has been formulated specifically to remove heavy soils from metal surfaces. This product contains a unique blend of surfactants and de-emulsifiers, which allows for the rapid removal of viscous oils that contain metal fines or scale. This product is safe on both ferrous and non-ferrous metals and contains a rust inhibitor for short-term indoor protection.

Color and Appearance	Clear Liquid
Specific Gravity @ 68°F	1.092
Flash Point	N/A
pH of Concentrate	13
pH @ 3%	11.5
Odor	Mild
Solubility in Water	Soluble

Benefits:

- **Provides excellent cleaning with short-term rust protection.**
- **Good for ferrous or non-ferrous metals.**
